PREFACE

It is my privilege to present to the Kennesaw State University (KSU) community the 2022-2023 edition of the Kennesaw State University Fact Book. In its 36th year of production, the Fact Book was originally generated in response to the 1986 SACSCOC institutional self-study. Since that time, it has continually grown while providing a source of vital KSU statistics. Published annually, the Fact Book is intended to be a convenient, authoritative source of management information about the institution.

The publication of the Fact Book is the product of interoffice cooperation and collaborations across the campus. I would like to take this opportunity to thank all who contributed to this publication. The Fact Book is where we tell the public our KSU success story. We welcome and encourage anyone who would like to incorporate portions of the Fact Book into other works. Historical versions can be found at http://factbook.kennesaw.edu.

As always, we welcome comments about the Fact Book.

President Kathy Schwaig

President Kathy Schwaig

Kathy 'Kat' Schwaig was named the sixth president of Kennesaw State University on March 16, 2022, following her tenure as interim president.

Under Schwaig's leadership as president, KSU embarked on a comprehensive student success initiative, established new graduate degrees for in-demand fields such as financial technologies (MS) and computer science (Ph.D.), formalized a targeted strategy for enrollment growth, created a dynamic campus communication plan, and impactfully invested in the University's research infrastructure. Prioritizing the cultivation of community as a strategic institutional goal, Schwaig relaunched a business incubator for campus and community innovators, created division plans to promote inclusive excellence, extended the capital campaign to include athletics, and launched FLIGHT26, an engagement program for first-year students
.
From 2019-2021, Schwaig served as provost and senior vice president for academic affairs at KSU. During her time as provost, she facilitated the transition to a formal research (R2) institution and developed the R2 Roadmap to enhance undergraduate and graduate education as well as research. Schwaig led an extensive faculty hiring initiative, launched the Double Owl program, expanded the KSU Journey Honors College, and established the Provost Leadership Fellows and the Women's Leadership Academy.

Prior to serving as provost, Schwaig was the dean of the Michael J. Coles College of Business, where she was named the Dinos Eminent Scholar Chair of Entrepreneurial Management. Schwaig oversaw the creation of the College's first doctoral program, increased educational opportunities for entrepreneurs, and achieved the top ranking in the state for the College's MBA programs.

Schwaig is a professor of information systems where her research focused on the strategic and ethical implications of computer technology. She published in key academic journals in her field, including the Journal of Management Information Systems and Information Systems Research.

Schwaig received the Oscar Burnett Award for Distinguished Achievement in Business from the Morris Brown College Foundation, the Cobb Executive Women's Glass Ceiling Award, and Atlanta Magazine's Women Making a Mark Award.

She serves on the Executive Committee for the Board of Directors of the Cobb Chamber of Commerce and on the Board of Directors for the Metro Atlanta Chamber of Commerce. She previously served on boards for the Cobb Community Foundation, Mount Paran Christian School, Children's Healthcare of Atlanta - Cobb County, Junior Achievement of Georgia, Engage Scholarship Consortium, and the Alliance for Children Everywhere.

A native of central Texas, Schwaig earned a BBA in Accounting and an MBA in Information Systems from Baylor University, a Master of Liberal Arts from Johns Hopkins University, and a Ph.D. in Information Systems from the University of South Carolina.

Schwaig is the proud mom of her middle school daughter, Emma Grace.

Mission, Vision and Roadmap to R2 Success

KSU Mission Statement

At Kennesaw State, we serve as a powerful example of the impact a student-centered, research-driven university education can deliver. We help students succeed through exploration, collaboration, and rigor, uniting a diverse spectrum of backgrounds and talents. At KSU, students become the individuals who people want as colleagues and leaders.

KSU Vision Statement

Kennesaw State will exemplify the power and promise of a student-centered, research-driven university. Authentically diverse, uniquely attainable and endlessly impactful, we will unleash the potential in every student we serve.

KSU Roadmap to R2 Success

The R2 roadmap is dedicated to the advancement of our faculty, students and staff who are at the epicenter of our educational mission. These goals and objectives are designed to promote pedagogical excellence, research advancement, professional development, transformative learning, community engagement, and a vibrant campus culture.

Quality Enhancement Plan: It's About Engagement

Success is more about what you do while you are in college and less about what college you attend. A recent study showed that the most successful students are those who participate in undergraduate experiences, such as internships, undergraduate research, and service learning. These engaged learning opportunities allow students to take what they learn in the classroom and apply it to the real world. Through **internships**, **undergraduate research**, and **service-learning**, students also gain unparalleled opportunities to hone their critical thinking and communication skills. More importantly, these opportunities pay dividends for students well beyond graduation.

At Kennesaw State, we believe that doing is the key to learning, which is why we are focused on increasing the number of engaged learning opportunities and giving more students the chance to learn by doing. We developed our Quality Enhancement Plan, It's About Engagement , to advance KSU's mission of student success by focusing on the dynamic nature of engaged learning in each of the academic colleges and the university, overall.

Source: Office of the President, as of March 23, 2022

The Roadmap to R2 Success

ADVANCE COMMUNITY AND CULTURE

GOALS: A Focus on Partnerships and Connections

- Nurture a welcoming campus climate, a sense of belonging, and a broad marketplace of ideas.
- Strengthen KSU engagement with external organizations to include corporations, boards, governments, and community partners.
- Advance athletic, artistic, and educational programming to engage the community with campus events and activities.
- Foster mutually beneficial collaborations to increase annual growth in KSU's economic impact on the region.

INITIATIVES

- Offer inclusivity training for the campus community.
- Host community impact events to celebrate partners, nonprofits, and public officials.
- Improve Athletics facilities and advance the Athletics Master Plan.
- Identify and engage in opportunities to enhance the visibility of KSU.

ENHANCE UNDERGRADUATE EDUCATIONAL EXPERIENCES

GOALS: An Impactful Learning Environment

- Attain first-year retention rate of 82% by 2025.
- Achieve six-year graduation rate of 60% by 2028.
- Provide unique educational opportunities.

INITIATIVES

- Strategically advance the impact of advising.
- Improve class accessibility.
- Increase external funding for scholarships.
- Incentivize the Honors program.
- Empower college-level accountability for student success.

GROW GRADUATE PROGRAMS AND ENROLLMENT

GOALS: A Highly Educated Workforce

- Increase graduate program enrollment to 10% of KSU student population by Fall 2025.
- Align graduate programs to areas of strategic emphasis and growth.
- Ensure graduate students, faculty, and programs are institutionally prioritized and adequately resourced.

INITIATIVES

- Strategically develop new graduate degree programs in alignment with targeted research and academic priorities.
- Enhance infrastructure to manage graduate research and teaching assistants and admissions processes.
- Develop strategic initiatives to promote and populate Double Owl Pathways.

PROMOTE INTERDISCIPLINARY RESEARCH WITH RELEVANCE

GOALS: A Commitment to New Knowledge and Discovery

- Target research productivity goals, including increasing research expenditures and activity by 20% per year.
- Build a strong and sustainable infrastructure to support research.

INITIATIVES

- Identify targeted research areas of excellence for KSU in partnership with university and community stakeholders.
- Sustain and expand programming to encourage faculty and students to collaboratively engage in research.
- Support the advancement of entrepreneurship and innovation opportunities arising from research and discovery.

Kennesaw State University Highlights
2022-2023

• Dr. Kathy S. Schwaig was formally invested as the sixth president of Kennesaw State University.

• KSU experienced another record enrollment, topping more than 43,000 students. This is the fourth consecutive year that enrollment has grown at Georgia's third-largest university.

• The Board of Regents of the University System of Georgia approved a new Bachelor of Science in Data Science and Analytics.

• Dean Monica Swahn of the Wellstar College of Health and Human Services was installed as the inaugural Dr. Betty L. Siegel Distinguished Chair in Health and Wellness.

• Kennesaw State received a grant from the National Institutes of Health to establish the Undergraduate Research Training Initiative for Student Enhancement (U-RISE) to recruit undergraduate students from underrepresented student populations.

• Faculty from the Southern Polytechnic College of Engineering and Engineering Technology were awarded a grant from the National Institutes of Health to research ways of improving heart surgeries through the use of tiny robots.

• KSU officially opened its newest residence hall, The Summit, for more than 500 first-year students.

• Kennesaw State University was recognized by the National Security Agency's National Centers of Academic Excellence in Cybersecurity as the top institution in the U.S. for spreading cybersecurity best practices in its community, developing cybersecurity programs and faculty, and empowering students to pursue careers in the industry.

• The Journal of Accounting and Public Policy ranked the 25 most influential articles published in the academic journal since its creation, and three members of KSU's accounting faculty were among the authors on the list.

• Professor of Nursing Susan Dyess was named to the Thomas M. and Elizabeth D. Holder Endowed Chair in the Wellstar School of Nursing, serving as director of the school.

• The Department of Dance was approved for accreditation and associate membership in the National Association of Schools of Dance.

• Kennesaw State accepted an invitation for membership within Conference USA. KSU began the transition from the Football Championship Subdivision to the Football Bowl Subdivision following the 2022 football season and will officially join Conference USA for all sports in 2024.

• The National Science Foundation awarded Kennesaw State two grants totaling over half a million dollars to improve minority participation and success in undergraduate science, technology, engineering and mathematics (STEM) degree programs.

• The Joel A. Katz Music and Entertainment Business program (MEBUS) was ranked among the world's 38 top music business programs in Billboard magazine's 2022's Top Music Business Schools.

• A business founded by researchers at Kennesaw State to improve the process of growing specialty mushrooms won the People's Choice Award and finished among four finalists at the Ag Innovation Challenge sponsored by the American Farm Bureau Federation.

Kennesaw State University Highlights
2022-2023

• Kennesaw State University's online programs were ranked among the best in the nation by U.S. News & World Report in its "2023 Best Online Programs" and "2023 Best Online Programs for Veterans."

• Kennesaw State opened a newly renovated Engineering Lab Building that will provide students with expanded research and instruction opportunities on the Marietta Campus.

• Kennesaw State named Charity Butcher as Director of the School of Conflict Management, Peacebuilding, and Development.

• The University Professional and Continuing Education Association awarded KSU the 2023 UPCEA Innovation in Alternative Credentials Association Award for its micro-credential initiative.

• Junior mechanical engineering major Derek Price II was awarded a Barry M. Goldwater scholarship, presented each year to the nation's top undergraduate scholars in the sciences, mathematics and engineering.

• For the seventh year in a row, KSU's Executive Master of Business Administration was rated as the best in Georgia and among the top in the world, according to the 2023 Global Executive MBA rankings released by CEO Magazine.

A Brief History of Kennesaw State University

By Dr. Thomas Scott, Campus Historian

In the generation following World War II a host of forces (including the popularity of the GI Bill and a doubling of average family income) brought about a democratization of higher education, as colleges became more accessible to working class families. Georgia joined the national trend in creating a host of new institutions. With a burgeoning Georgia economy, Georgia Tech in 1948 opened a two-year branch at the old Naval Air Station in Chamblee. It took the name Southern Tech and offered practical, hands-on training in engineering technology. In 1961 the Board of Regents moved the school to Marietta. It prospered in the new location and, following a nationwide trend, became a four-year school in 1970. Ten years later in 1980, it split away from Georgia Tech as a separate unit of the University System.

Meanwhile, local leaders took note that Cobb was the largest county in Georgia without a liberal arts college. Their lobbying efforts persuaded the Board of Regents in 1963 to charter Kennesaw Junior College. The first students enrolled in September 1966, but because the Kennesaw campus was not ready in time, the first quarter was held in several designated classrooms on the Southern Tech campus.

For several decades, the two schools followed parallel paths. Kennesaw gained four-year status in 1976. In 1984 the Board of Regents approved Kennesaw's first MBA and M.Ed. programs. The following year the board awarded Southern Tech its first master's degree in Technology Management. Both schools gained university status in 1996. However, Kennesaw's enrollment increasingly outstripped its Cobb County neighbor. Due to dynamic growth in the Betty Siegel era, Kennesaw State by fall 1990 had 10,030 students, more than twice as large as Southern Tech's 4,018.

By fall 2013 Kennesaw was four times larger than Southern Polytechnic State University (24,629, compared to 6,549). In that year, in a cost-saving move during a national recession, the Board of Regents voted to merge the two schools under the name Kennesaw State University and under the direction of KSU President Dan Papp. The consolidation became official in January 2015. With 35,420 students in fall 2018 KSU was the 3rd largest university in Georgia and one of the 50 largest colleges and universities in the country. Kennesaw today offers more than 150 degree programs and has over 100,000 alumni.

The Kennesaw State University Archives was established in 2004 and is housed within the Department of Museums, Archives and Rare Books. Archivists use the collections of institutional records to connect and educate students about the value of primary sources and to serve as a hub for KSU's organizational and historical memory.

Note: First-Time First-Year students are defined by National Center for Education Statistics (NCES) Integrated Postsecondary Data Systems (IPEDS) Human Resources Survey: First-Time student (undergraduate) is a student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the undergraduate level. This includes students enrolled in academic or occupational programs. It also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school). A First-Year student is a student who has completed less than the equivalent of 1 full year of undergraduate work; that is, less than 30 semester hours (in a 120-hour degree program) or less than 900 contact hours. IPEDS Glossary: http://surveys.nces.ed.gov/ipeds/Downloads/Forms/IPEDSGlossary.pdf .

Grand Total	**8,493**	**10,727**	**12,283**	**12,840**	**11,483**

University System of Georgia Definitions:
[1] Beginning Freshmen: new students that matriculated in fall semester and do not have a transfer college reported. This also includes new students who matriculated fall semester with a transfer college if they graduated from high school within the last 12 months.
[2] New Transfer Students: students entering an institution for the first time known to have previously attended a postsecondary institution at the same level (e.g., undergraduate, graduate). A student who was dual-enrolled at a college or university while in high school is not counted as a transfer student when enrolling for the first time after high school graduation.
[3] New Graduate Students: those new students with a student level number of 60, 72, 74 and 76.

Continuing Education Certificate List

Healthcare

- Certified Nursing Assistant
- EKG Technician
- Health Coach
- Medical Assisting
- Medical Coding Specialist
- Medical Interpreter
- Medical Office Assistant
- Pedorthist
- Personal Trainer
- Pharmacy Technician
- Phlebotomy Technician
- Wellstar - Certified Nursing Assistant
- Wellstar - Medical Assisting

Management

- Bookkeeper Professional
- Business Analytics Science
- Certified Financial Planner™
- Digital Marketing Science
- Event Planning and Management
- Fundamentals of Human Resources Management
- Human Resources Management SHRM-CP/SHRM-SCP
- Human Resources Management SHRM-CP/SHRM-SCP Online
- Payroll Fundamentals
- Payroll Mastery
- Project Management
- Sales Development Science
- Sales Operations Science
- Small Business Growth Science
- Social Media Marketing

Technology

- AutoCAD Advanced
- AutoCAD Essentials
- AutoCAD Intermediate
- Cisco CCNA
- CompTIA A+
- Information Systems Security Professional
- Revit Architecture Essentials
- Revit Architecture Intermediate

Professional Development

- Culinary Apprenticeship

Legal

- Anti-Fraud and Forensic Interview Specialist
- Paralegal

Historic Institutional Retention and Graduation Rates

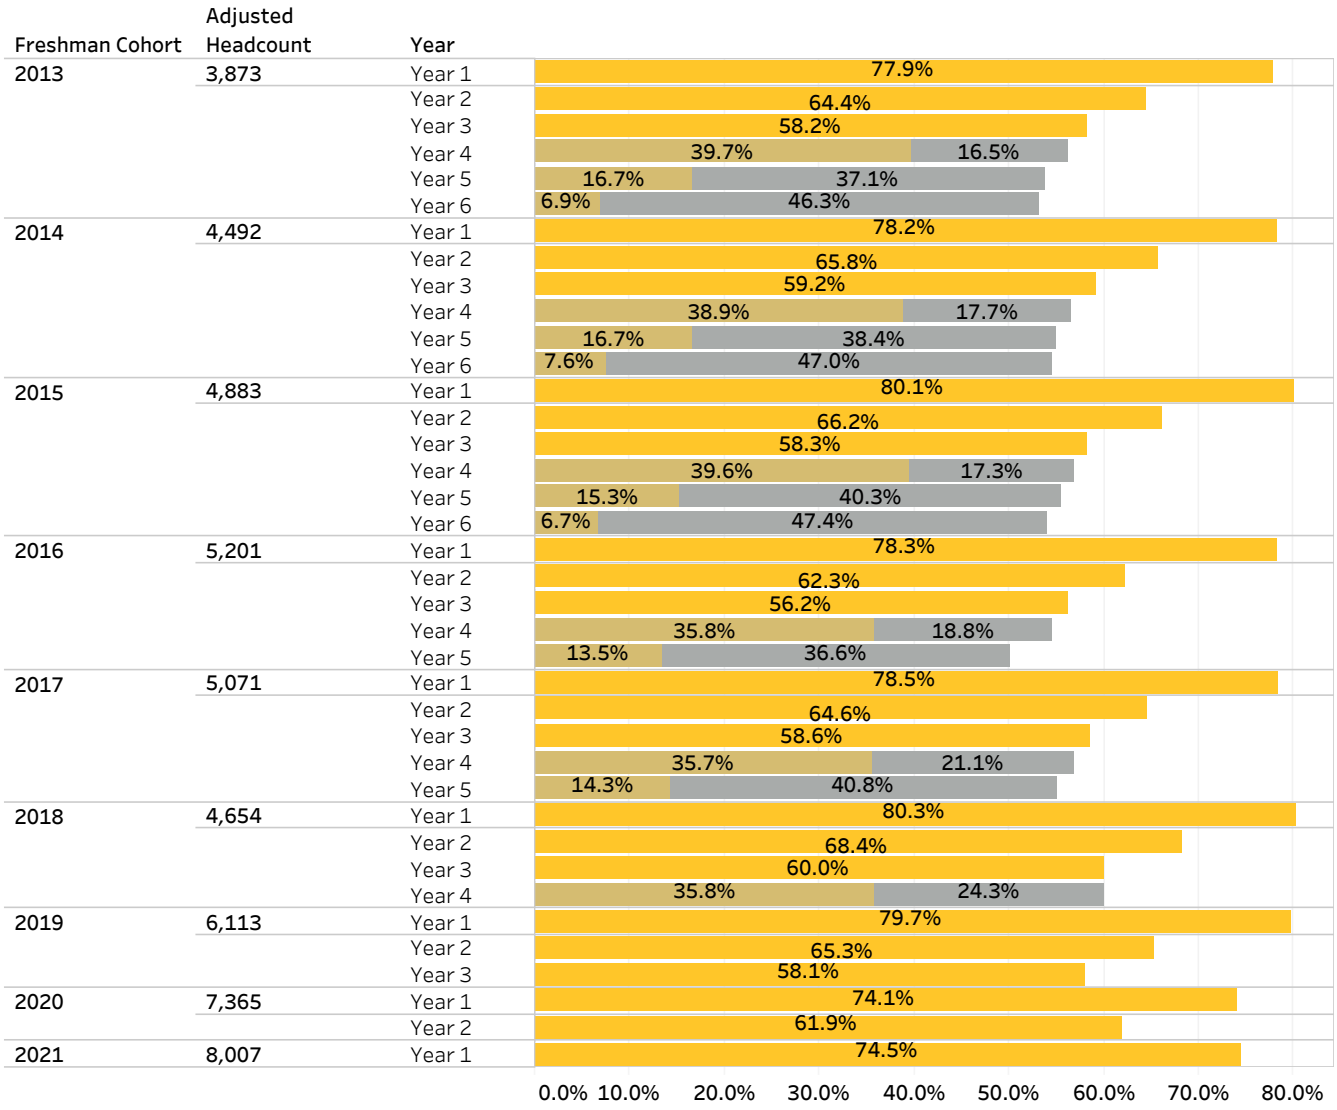

Figure 41. Historic Institutional Retention and Graduation Rates

System (IPEDS) http://nces.ed.gov/ipeds/ definition of first-time full-time degree seeking students.

Definitions

General Cohort: Students entering the institution as full-time, first-time, degree-seeking undergraduate students in the summer or fall of the cohort year.

Retained: Students are considered retained only if they are bachelor's degree seeking and have not yet obtained a bachelor's degree. Students are retained if they have received an associate's degree and if they continue in a bachelor's degree program. Students are not removed from the original cohort or retention numbers based on deceased status. Student retention is not based on full-time/part-time status. Prior to Fall 2015, a student is retained only if they are enrolled in the institution in which they started.

Continued: Students are considered continued if they are enrolled in a fall semester beyond their fourth year at an institution. The continuing student rate is calculated using the same method as retention rate (it is essentially the retention rate after four years). Continuing students are identified differently from students retained after their first, second, and third years at the institution due to the goal for continuing students shifting from retaining to graduating them.

Graduated: Students are considered graduated only if they graduate with a bachelor's degree. Graduation rates are cumulative. For example, a student within the 2010 cohort is considered graduated if they have graduated with a bachelor's degree on or before Summer 2016. Graduation rate refers only to the proportion of the cohort which received a bachelor's degree and not the actual number of degrees which have been awarded to those in the cohort.

Historic Institutional Retention and Graduation Rates Transfer Students

On Track	-	54	21	14	-	<5	152	27	<5
Tenured	-	109	52	20	<5	9	400	<5	6

Note:
Academic tenure is an employment status at the University that assures a tenured faculty member of continuous appointment from contract year to contract year, except under conditions of dismissal for cause (see KSU Faculty Handbook Section 4.1.9), termination or layoff of tenured personnel due to program modification (see the Board of Regents (BOR) Policy Manual 8.3.7.10), or financial exigencies. The awarding of tenure is a highly important decision through which the University incurs a major commitment to the individual faculty member well into the future. Years of service or successful annual reviews alone are not sufficient to qualify for tenure. It should only be granted to those faculty members whose achievements demonstrate the quality and significance expected of their current rank and who demonstrate potential for long-term effectiveness at the University. All tenure track faculty are expected to produce scholarship in at least one performance area. This scholarship must be consistent with departmental, college, and university guidelines. Only under exceptional circumstances will a candidate be recommended for tenure without at least one form of scholarship as articulated in approved tenure and promotion guidelines. In awarding tenure, the University recognizes the long-range value of the faculty member to the institution and ensures them the academic freedom that is essential to an atmosphere conducive to the proper operation of the University.

Note: The full-time equivalent (FTE) enrollment used in this report is the sum of the institution's FTE undergraduate and graduate enrollment (as calculated from or reported on the 12-month enrollment component). FTE is estimated using 12-month instructional activity (credit and/or contact hours). All doctor's degree students are reported as graduate students.

Total expenses for the essential education activities of the institution. Core expenses for public institutions reporting under GASB standards include expenses for instruction, research, public service, academic support, student services, institutional support, operation and maintenance of plant, depreciation, scholarships and fellowships, interest and other operating and nonoperating expenses. Core expenses exclude expenses for auxiliary enterprises (e.g., bookstores, dormitories), hospitals, and independent operations.
